To make: 1. Cut along dashes. 2. Add something metal to each fish (like a paper clip or staple)

3. **U** Tie a magnet to a piece of string. Use this to catch fish.

### How-To-Play

Put all the fish in a bag.

Take turns trying to catch a fish.

When you catch one, read the word. If you didn't read it correctly, try again. Sound out the letters and blend them together.

If you get it wrong, put it back in the bag.

When all the fish have been caught, play for spelling. Take a friend's fish. Keep it hidden. Ask them to spell it. Show them the fish to check their spelling. If they get it right, give them a reward.
